DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of the Assistant Secretary for Fair Housing and Equal Opportunity

[Docket No. N-94-3723; FR 3629-N-01]

Fair Housing Assistance Program: Announcement of Funding Awards for FY 1992

AGENCY: Office of the Assistant Secretary for Fair Housing and Equal Opportunity, HUD.

ACTION: Announcement of funding awards.

SUMMARY: In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989, this announcement notifies the public of those State and local agencies that were certified by the Department as substantially equivalent agencies under 24 CFR part 115, and that received funding under the Department's Fair Housing Assistance Program. The announcement contains the names and addresses of the State and local agencies and the amount of the awards.

FOR FURTHER INFORMATION CONTACT: Marcella O. Brown, Director, Funded Programs Division, Office of Fair Housing and Equal Opportunity, Department of Housing and Urban

Development, 451 Seventh Street, Washington, DC 20410-2000. Telephone Number 202-708-0455 (voice/TDD). This is not a toll free number.

SUPPLEMENTARY INFORMATION

I. Background

Under the Fair Housing Act (42 U.S.C. 3600-3619), the Department is authorized to investigate complaints alleging discrimination in housing. Section 810(f) of the Fair Housing Act requires the Department to refer complaints to agencies that have "substantially equivalent" fair housing standards, as determined and certified by the Department. The certification standards and procedures are set forth in 24 CFR part 115.

Under the Fair Housing Assistance Program (FHAP), the regulations for which are codified in 24 CFR part 111,

the Department may provide assistance to "substantially equivalent" State and local agencies. This assistance is designed to provide support for complaint processing, training, technical assistance, data and information systems, and other fair housing projects. The regulations in 24 CFR part 111 provide for FHAP funding to be announced through a Notice of Funding Availability (NOFA) published in the Federal Register.

Although the regulations in part 111 provide for the announcement of the availability of FHAP funding through a NOFA (and 24 CFR part 12 also makes note of the NOFA requirement), FHAP is not a competitive program. FHAP funds are not awarded on the basis of a competition. Accordingly, a waiver of the requirement to make FHAP funding available through a NOFA was requested and granted.

In accordance with the requirements of section 106 of the HUD Reform Act of 1989 (42 U.S.C. 3535(q)(g)), the Secretary, on June 2, 1993, waived the FHAP NOFA requirement set forth in 24 CFR part 12 on the basis that the FHAP is not a competitive program. The Department intends to amend 24 CFR part 12 to reflect the fact that FHAP is not a competitive program.

In accordance with the requirements of section 102(a)(4)(C) of the HUD Reform Act of 1989, the names and addresses of the substantially equivalent agencies which received FHAP funds for FY 1992, on a noncompetitive basis, and the amount of the awards, are set forth in Appendix A to this notice.

Dated: February 14, 1994.

Roberta Achtenberg,

Assistant Secretary for Fair Housing and Equal Opportunity.

NW $\frac{1}{4}$ SE $\frac{1}{4}$.

Approximately 600 acres.

This action follows the Monument Resource Management Plan (MRMP) prescriptions published in January, 1986. The MRMP designates that these areas of the Cedar Fields Special Recreation Management Area, which are also within the Bureau of Reclamation's (BOR) American Falls Natural Resource Area, be designated as to be consistent

with BOR's limitations on adjacent lands. Effective by the December 28, 1993 Federal Register Notices, the BOR activated the enforcement of the off-road motor vehicle closure of the lands within the American Falls Natural Resource Area.

Exemptions to this order are granted to the following:

Law enforcement patrol and emergency services administratively approved access for actions such as monitoring or research studies.

Other actions would be considered on a case by case basis.

Minerals Management Service

Memorandum of Understanding Establishing Jurisdictional Responsibilities for Offshore Facilities

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Notice.

SUMMARY: The memorandum of understanding (MOU) establishing Federal jurisdictional boundaries for offshore facilities, including pipelines, became effective on February 3, 1994. The MOU divides the responsibilities associated with oil-spill prevention and control, response planning, and response equipment inspection for offshore facilities. The MOU is among the Department of the Interior (DOI), Department of Transportation (DOT), and the Environmental Protection Agency (EPA).

The coast line marks the boundary that determines which agency is responsible for a facility. The MMS of the DOI is responsible for offshore facilities, including pipelines but not deepwater ports, located seaward of the coast line. The EPA is responsible for non-transportation-related offshore facilities located landward of the coast line. The U.S. Coast Guard and the Research and Special Programs Administration of the DOT will handle transportation-related offshore facilities, including pipelines, located landward of the coast line.

Any exceptions to the MOU will be determined on a facility-specific basis, and the affected parties will be notified.

FOR FURTHER INFORMATION CONTACT:

Sharon L. Buffington, Engineering and Technology Division; MS-4700; Minerals Management Service; 381 Elden Street; Herndon, Virginia 22070-4817, telephone (703) 787-1600.

SUPPLEMENTARY INFORMATION: Executive Order (E.O.) 12777 (56 FR 54757) delegated to DOI, DOT, and EPA various responsibilities identified in the Clean Water Act (CWA), as amended by the Oil Pollution Act of 1990 (Public Law 101-380). The E.O. 12777 assigned the responsibilities associated with oil-spill prevention and control, contingency planning, and response equipment inspection for offshore facilities to DOI. However, section 311(a)(11) of the CWA defines "offshore facility" to include facilities of any kind located in, on, or under navigable waters of the United States. By using this definition, the traditional DOI role of regulating facilities in the Outer Continental Shelf is expanded by E.O. 12777 to include inland lakes, rivers, streams, and any other inland waters. Without this MOU,

as many as four Federal agencies could have overlapping responsibilities for some coastal facilities.

To avoid any confusion caused by the definition of "offshore facility", MMS coordinated an effort to establish jurisdictional boundaries for oil-spill prevention and control, response planning, and response equipment inspection activities. Pursuant to section 2(i) of E.O. 12777, the Secretary of the Interior redelegated those functions vested in DOI to give EPA non-transportation-related offshore facilities located landward of the coast line and give DOT transportation-related offshore facilities landward of the coast line. The divisions agreed to in the MOU (Appendix A) is more consistent with traditional agency expertise and jurisdiction. This MOU does not include jurisdictional boundaries for oil-spill financial responsibility.

Dated: February 17, 1994.

Thomas Gernhofer,

Associate Director for Offshore Minerals Management.

Appendix A—Memorandum of Understanding Among the Secretary of the Interior, Secretary of Transportation, and Administrator of the Environmental Protection Agency

Purpose

This Memorandum of Understanding (MOU) establishes the jurisdictional responsibilities for offshore facilities, including pipelines, pursuant to section 311(j)(1)(c), (j)(5), and (j)(6)(A) of the Clean Water Act (CWA), as amended by the Oil Pollution Act of 1990 (Public Law 101-380). The Secretary of the Department of the Interior (DOI), Secretary of Department of Transportation (DOT), and Administrator of the Environmental Protection Agency (EPA) agree to the division of responsibilities set forth below for spill prevention and control, response planning, and equipment inspection activities pursuant to those provisions.

Background

Executive Order (E.O.) 12777 (56 FR 54757) delegates to DOI, DOT, and EPA various responsibilities identified in section 311(j) of the CWA. Sections 2(b)(3), 2(d)(3), and 2(e)(3) of E.O. 12777 assigned to DOI spill prevention and control, contingency planning, and equipment inspection activities associated with offshore facilities. Section 311(a)(11) defines the term "offshore facility" to include facilities of any kind located in, on, or under navigable waters of the United States. By using this definition, the traditional DOI role of regulating facilities on the Outer Continental Shelf is expanded by E.O. 12777 to include inland lakes, rivers, streams, and any other inland waters.

Responsibilities

Pursuant to section 2(i) of E.O. 12777, DOI redelegates, and EPA and DOT agree to assume, the functions vested in DOI by

sections 2(b)(3), 2(d)(3), and 2(e)(3) of E.O. 12777 as set forth below.

For purposes of this MOU, the term "coast line" shall be defined as in the Submerged Lands Act (43 U.S.C. 1301(c)) to mean "the line of ordinary low water along that portion of the coast which is in direct contact with the open sea and the line marking the seaward limit of inland waters."

1. To EPA, DOI redelegates responsibility for non-transportation-related offshore facilities located landward of the coast line.

2. To DOT, DOI redelegates responsibility for transportation-related facilities, including pipelines, located landward of the coast line. The DOT retains jurisdiction for deepwater ports and their associated seaward pipelines, as delegated by E.O. 12777.

3. The DOI retains jurisdiction over facilities, including pipelines, located seaward of the coast line, except for deepwater ports and associated seaward pipelines delegated by E.O. 12777 to DOT.

Effective Date

This MOU is effective on the date of final execution by the indicated signatories.

Limitations

1. The DOI, DOT, and EPA may agree in writing to exceptions to this MOU on a facility-specific basis. Affected parties will receive notification of the exceptions.

2. Nothing in this MOU is intended to replace, supersede, or modify any existing agreements between or among DOI, DOT, or EPA.

Modification and Termination

Any party to this agreement may propose modifications by submitting them in writing to the heads of the other agency/department. No modification may be adopted except with the consent of all parties. All parties shall indicate their consent to or disagreement with any proposed modification within 60 days of receipt. Upon the request of any party, representatives of all parties shall meet for the purpose of considering exceptions or modifications to this agreement. This MOU may be terminated only with the mutual consent of all parties.

Bruce Babbitt,

Secretary of the Interior.

Carol M. Browner,

Administrator, Environmental Protection Agency.

Federico Peña,

Secretary of Transportation.

Inventory Completion for Native American Human Remains From Hawaii in the Possession of the Peabody Museum of Archaeology and Ethnology, Harvard

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003(d), of the completion of the inventory of human remains from Hawaii in the possession of the Peabody Museum of Archaeology and Ethnology, Harvard.

The human remains came to the Peabody Museum as part of 16 collections between 1867 and 1959. There are no associated funerary objects. A detailed inventory and assessment of the human remains has been made by the staff of the Peabody Museum in consultation with representatives of Hui Mālama I Nā Kūpuna 'O Hawai'i Nei, the Office of Hawaiian Affairs, and the Kaua'i/Nihau, Maui/Lanai, Molokai, and O'ahu Burial Councils.

The human remains consist of the following:

One cranium (19-5-70/59745) from Nohile sand dunes, Kaua'i County, Kaua'i Island.

Twenty-one crania (36-96-70/N3482-N3502) and eight mandibles (36-96-70/N3503) from dune burials in Kaua'i County.

Twenty-one crania (67-39-70/1115-1135) from southerly shore sand dunes, Kaua'i County.

One cranium (72-20-70/6792) from Kaua'i County.

Two crania (16-8-70/59647 and 59648) from an "ancient burial place", Maui County.

Twenty-one crania, two partial crania, and one partial cranium together with fragmentary axial elements (78-45-70/15267-15290) from Maui County.

One skeleton (80-25-70/23518), complete except for fragmentary extremities, from an ancient burial place, Maui County.

Five crania (16-8-70/59641-59645) from the beach beyond Diamond Sand Dunes Hill, Oahu.

Six crania (23-5-70/60363-60368) found during the excavation of a canal in Waikiki, Oahu.

Two almost complete skeletons and fragmentary postcranial remains from five more individuals (23-5-70/60369-60372) found while excavating for a sewer system in Honolulu County, Oahu.

Three partial crania and six crania (36-4-70/N1324-N1332) from lava caves near Honolulu, Oahu.

Four crania and three fragmentary crania (85-7-70/37592-37397a) that, from circumstantial documentary evidence, may come from Oahu.

One cranium, one partial cranium and one partial cranium with two right femurs (86-58-70/61492-61494) from Honolulu, Oahu.

Twenty seven crania (00/N939; 16-8-70/59646; 20-4-70/59931 and 59932; 50-70-70/N7476; 59-27-70/N8615-N8620; 80-25-70/23503-23517), fragmentary appendicular elements (27-5-70/60797), and twenty four mandibles (00/N1013; 80-25-70/23519) are attributed to Hawai'i with no further information. Six of these crania (59-27-70/N8615-N8620) came to the Peabody Museum from the Warren Anatomical Museum.

Based on the above mentioned information, officials of the Museum have determined pursuant to 25 U.S.C. 3001 (2) that there is a relationship of shared group identity which can be reasonably traced between these remains and present-day Native Hawaiian organizations.

This notice has been sent to officials of Hui Mālama I Nā Kūpuna 'O Hawai'i Nei and the Office of Hawaiian Affairs. Representatives of any other Native Hawaiian organization which believes itself to be culturally affiliated with these human remains should contact Mrs. Barbara Isaac, Assistant Director, Peabody Museum of Archaeology and
